
Hi there! Here you go! Kindly take a look at this informative and factual blog post to learn about Navneet School Atlas Pdf Download. Happy reading!

Navneet School Atlas is an interactive map that allows parents to explore the demographics of their local school district, find schools that are nearest to them, and see what different types of students reside within each school. It's like the Yelp for schools. The app was created by Irvington Prep Academy, an independent nonprofit in New York City with a mission "to prepare students for life through education". The creators thought it would be helpful for any parent or student interested in finding out more information on their own school or looking for options outside of their home region. Via: www.businessinsider.com The Navneet School Atlas app will be a useful tool for any parent or student interested in finding out more information on their own school or looking for options outside of their home region.

Navneet School Atlas has been featured on Business Insider, TechCrunch, Inc Magazine, Huffington Post and CityLab as a result of the app's public launch on April 7th, 2015.

Download this app and learn about your local school district today!

Goodbye!
